

# 3rd Annual Peer Support Strong Conference

Last year's **2<sup>nd</sup> Annual Peer Support Strong Conference** was such a resounding success, that PeerWorks is excited to be partnering with the Lived Experience & Recovery Network (LERN) to bring you another *full virtual day of celebrating the power of Peer Support!*

Our sector, and many Ontarians, continue to recognize the critical value of peer support and lived experience, more than ever, to maintain mental wellness. All the more reason to continue this priceless partnership to bring you this annual conference.

However, due to the enormous amount of transition that PeerWorks has undergone throughout 2022, we would like to ensure that we give this exciting event the appropriate attention and resources to make it as successful as possible.

The **3<sup>rd</sup> Annual Peer Support Strong Conference** will take place on **February 7, 2023**. What a way for us to kick-off a new year and new learnings, together!

**Stay tuned for more details**, but in the meantime we ask that you start thinking about proposals for the day's virtual programming.

## What do we need from you?
